## COUNTING NICKELS AND PENNIES SHEET 2

Count the nickels and pennies. Work out the amounts in cents.

Work out the correct totals for these coins.
Remember to count the nickels in fives!

> 2 nickels +1 penny $=$ $\not \subset+$ $\not \subset=$ $\not \subset$
> 2 nickels +4 pennies $=$ \& + $\phi=$ $\phi$ \& + $\Phi=$ $\phi$
> 4 nickels +1 penny $=$ $\not \subset+$ \& = ¢

$$
=\underline{21} \Phi
$$

$$
=\underline{18} \mathbb{4}
$$

$$
=\underline{23} \mathbb{4}
$$

Work out the correct totals for these coins.
Remember to count the nickels in fives!

$$
\begin{aligned}
& 2 \text { nickels }+1 \text { penny }=\underline{10} \mathbb{\Phi}+\underline{1} \Phi=\underline{11} \Phi \\
& 2 \text { nickels }+4 \text { pennies }=\underline{10} \mathbb{Q}+\underline{4} \mathbb{C}=\underline{14} \mathbb{Q} \\
& 3 \text { nickels }+2 \text { pennies }=\underline{15} \mathbb{4}+\underline{2} \mathbb{Q}=\underline{17} \mathbb{4} \\
& 4 \text { nickels }+1 \text { penny }=\underline{20} \mathbb{Q}+\underline{1} \mathbb{Q}=\underline{21} \mathbb{Q}
\end{aligned}
$$
