## COUNTING NICKELS AND PENNIES SHEET 3

Count the nickels and pennies. Work out the amounts in cents.

Work out the correct totals for these coins.
Remember to count the nickels in fives!

$$
\begin{aligned}
& 3 \text { nickels }+2 \text { pennies }= \\
& \text { \& + } \\
& \Phi= \\
& 4 \\
& 4 \text { nickels }+1 \text { penny }= \\
& \not \subset+ \\
& \phi= \\
& \text { ¢ } \\
& 6 \text { nickels }+3 \text { pennies }= \\
& \text { \& + } \\
& \text { \& = } \\
& \not \subset \\
& 5 \text { nickels }+2 \text { pennies }= \\
& \not \subset+ \\
& \not \subset= \\
& \text { ¢ }
\end{aligned}
$$

$$
=\underline{13} 4
$$

$$
=\underline{21} \mathbb{4}
$$

Work out the correct totals for these coins.
Remember to count the nickels in fives!
3 nickels +2 pennies $=\underline{15} \mathbb{\$}+\underline{2} \mathbb{\$}=\underline{17} \mathbb{\$}$
4 nickels +1 penny $=\underline{20} \mathbb{C}+\underline{1} \mathbb{C}=\underline{21} \mathbb{C}$
6 nickels +3 pennies $=\underline{30} \mathbb{q}+\underline{3} \mathbb{4}=\underline{33} \mathbb{4}$
5 nickels +2 pennies $=\underline{25} \mathbb{q}+\underline{2} \mathbb{C}=\underline{27} \mathbb{4}$
