

Decompose numbers

Kindergarten Addition Worksheet

5 pencils

To make 5 pencils, we can have

$$2 + 3 = 5 \text{ pencils}$$

$$1 + 4 = 5 \text{ pencils}$$

Now, let's think of three other ways to make a group of 5 pencils.

	+		=	5
	+		=	5
	+		=	5

Answers

$$\begin{array}{r} 0 \\ 3 \\ 4 \end{array} + \begin{array}{r} 5 \\ 2 \\ 1 \end{array} = \begin{array}{r} 5 \\ 5 \\ 5 \end{array}$$
